Bid/No-Bid Sheet

Make informed decisions with guide to navigating the bidding process.

Bid-No Bid Decision Framework

Bid Considerations	Rating Criteria											
	Positive				Neutral				Negative			Cons Ratir
	10	9	8	7	6	5	4	3	2	1	0	
Ability to respond	Can meet/exceed every requirement, including past performance.				Understand the problem and can respond, average past performance.				Don't know, limited past performance.			
Background experience and overall technical capability	Strong in-house experience and/or technically superior.				Average experience in-house or can be acquired and/or technically capable.				Weak experience or new area, or not technically qualified.			
Proposed team and personnel (subs are an option)	Best available (may enhance offering).				Best available (no impact).				Second best, diluting our scope of work.			
Price Strategy	We know the price to win, can provide an honest, credible bid within known price structure.				Good idea of price to win; can provide reasonable and competitive price structure.				Guess the price to win; must cut corners or cut margins.			
Customer knowledge and rapport	Good working relationships, we know the customer's needs.				We are known but the relationships are not cultivated; we understand the customer.				Unkown to the customer and we don't know the customer's needs.			
Competition	Sole source or customer knows and prefers us.				Open/neutral customer and we know how to beat the competition.				Unknown competition; may be wired.			
Market Intelligence	Inside track, good work up.				Generally up-to-date on market developments.				Surprised by RFP issuance or requirements.			
Company's resources available for proposal development and for contract execution	Resources easily available to develop proposal to win and execute the contract.				Available.				Not ava			
Facilities	Available and favorably located.				No facility required or we get a facility quickly.							
Program's potential strategic advantages	High				Average
