- Office of Small and Disadvantaged Business Utilization

Here are four (4) ways which you can help.

1. Sending out "**Search Letters**" (Pre solicitations/Sources Sought) to reserve requirements that match our qualifications.
2. Suggest Rhode Island agencies/COTR/COR do more local set asides via "**Requirement Letters**" - formal letter to set aside/sole source project
3. Allow us to negotiate directly with agencies - by delegating contract execution authority to the procuring activity, directly by the procuring activity and the Participant as per CFR 124.508(2). Permission must be granted from SBA BOS in order to negotiate directly.
4. Accept contracts on our behalf by responding to "**Offering Letters**" - sent from the agency (procurement entity) to District SBA in order to award the SBA/and or Tavares a set aside contract.
5. Keep all opportunities accepted by the SBA under the 8(a) program within the 8(a) program as per 19.203 Relationship among small business programs
6. Find out who is our **SBA procurement center representative** as per 19.5 in order to recommend making a joint small business set-aside to be concurred by the contracting officer.
    1. If we do not have a PCR assigned than someone needs to contact SBA Office of Government Contracting Area Office serving the area in which the procuring activity is located for assistance in carrying out SBA policies and programs as per 19.402.

Subpart 19.4—Cooperation with the Small Business Administration

19.401 General.

(a) The Small Business Act is the authority under which the Small Business Administration (SBA) and agencies consult and cooperate with each other in formulating policies to ensure that small business interests will be recognized and protected.

(b) The Director of Small and Disadvantaged Business Utilization serves as the agency focal point for interfacing with SBA.

19.402 Small Business Administration procurement center representatives.

(a)(1) The SBA may assign one or more procurement center representatives to any contracting activity or contract administration office to carry out SBA policies and programs. Assigned SBA procurement center representatives are required to comply with the contracting agency's directives governing the conduct of contracting personnel and the release of contract information. The SBA must obtain for its procurement center representatives security clearances required by the contracting agency.

(2) If a SBA procurement center representative is not assigned to the procuring activity or contract administration office, contact the SBA Office of Government Contracting Area Office serving the area in whicl the procuring activity is located for assistance in carrying out SBA policies and programs. See http://www.sba.gov/content/procurement-center-representatives for the location of the SBA office servicing the activity.

(b) Upon their request and subject to applicable acquisition and security regulations, contracting officers sha give SBA procurement center representatives (or, if a procurement center representative is not assigned, see paragraph (a) of this section) access to all reasonably obtainable contract information that is directly pertinent t their official duties.

(c) The duties assigned by SBA to its procurement center representatives include the following:

(1) Reviewing proposed acquisitions to recommend—

(i) The setting aside of selected acquisitions not unilaterally set aside by the contracting officer;

(ii) New qualified small business sources, including veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, economically disadvantaged women-owned small, and women-owned small eligible under the Women-Owned Small Business Program; and

(iii) Breakout of components for competitive acquisitions.

(2) Reviewing proposed acquisition packages provided in accordance with 19.202-1(e). If the SBA procurement center representative (or, if a procurement center representative is not assigned, see paragraph (a) this section) believes that the acquisition, as proposed, makes it unlikely that small businesses can compete for the prime contract, the representative shall recommend any alternate contracting method that the representativ reasonably believes will increase small business prime contracting opportunities. The recommendation shall b made to the contracting officer within 15 days after receipt of the package.

(3) Recommending concerns for inclusion on a list of concerns to be solicited in a specific acquisition.

(4) Appealing to the chief of the contracting office any contracting officer's determination not to solicit a concern recommended by the SBA for a particular acquisition, when not doing so results in no small business being solicited.

(5) Conducting periodic reviews of the contracting activity to which assigned to ascertain whether it is complying with the small business policies in this regulation.

(6) Sponsoring and participating in conferences and training designed to increase small business participation in the contracting activities of the office.

19.403 Small Business Administration breakout procurement center representative.
