OFFER STRATEGIES

TUESDAY - DAY 2

WHAT IS AN OFFER?

Offer - The opportunity you give a potential client to exercise their desire to buy (or otherwise obtain) the thing or things that you helped them realize they've desired all along, at the price that you previously decided on and they have subsequently agreed to; which they now expect to use to make their experience of life exponentially better!

The value of your offer will be enhanced or diminished by the value of your content.

4 Levels Of Learning

1. Tactics - What To Do
2. Strategies - Why And When To Do
3. Principles - How It Works
4. Essence - Why It Works

WHAT IS STRATEGY?

Strategy - a plan of action or policy designed to achieve a major or overall aim; "time to develop a coherent economic strategy."

If tactics determines you what to do, strategy determines your when and why you do it.

Strategy without tactics is the slowest road to victory. Tactics without strategy is the noise before defeat. ~Sun Tzu

There are four levels of learning, therefore there must be four levels of teaching. A teacher who can't teach on all four levels will create a class of confused and frustrated student.

Myron Golden, Ph.D.

WHAT IS MASTERY?

MASTERY - Mastery is the ability to execute effortlessly without the use of conscious resources. The purpose of this challenge is to get you on the road to developing mastery in your business.
