Govcon Giants
Winning contracts like Boeing!

Target Market List (Checklist)

☐ 1. **Complete Year**
Did I search for a period that included 1 full year of results? (Like 2016/2017)

If you only search for a recent year that is not yet complete your results could be skewed because many agencies spend the bulk of their funding at year-end, thus the contracts are not yet posted in the system.

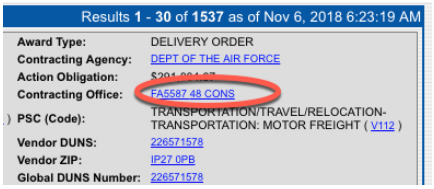
☐ 2. **Comparison Data**
Did I search 2 years of data to be able to compare/contrast data ensuring that I have a complete list of ALL agencies that spend yearly, not just the ones with increase funding for a year. We are looking for historical pattern.

☐ 3. **Narrow Search criteria**
Are my results specific to my NAICS code and geographic range?

Searching the entire U.S. will produce too many results, contract offices and not allow you to focus on a niche.

☐ **4. Drill-down research results**
Did I find the actual contract office name within the Agency? (Ex. W2SD Endist New England) Not just the Top 10 agencies on the left.

I know that many of the agencies like Army, NAVY, DLA have 100's of divisions. Some buy construction, other's buy IT. I need the specific office inside the agency. That is the person who is buying my NAICS.



☐ 5. **OSDBU Search**
When searching for the OSDBU I do my search based on the contract office (W2SD Endist Kentucky) name NOT just the agency (Department of the Army) name.

- ☐ I know that the contract office may be in another state not necessarily the one I am looking for.
- ☐ I am just looking for the OSDBU that matches the contract office names.

☐ 6. **Data Results**
The OSDBU that I found is for the **agency contract office** not a generic OSDBU for the Army, NAVY, DLA, etc.

This may take a little longer as it is not straightforward. There is no database. It requires research and an analysis of the results.

Occasionally the OSDBU is also the Contract Officer. Sometimes they have different names/titles like Small Business Liason Officer, Small Business Development Officer, etc.

☐ **7. Thoroughness**
Did I gather **ALL** information related to the agency contract office for my NAICS code Top 10 List?

- ☐ Current outstanding projects awarded
- ☐ Forecast list
- ☐ Active IDIQ's
- ☐ Prime Contractors List
- ☐ List of jobs on FBO
- ☐ Upcoming Events
